Xylene	1330-20-7			7 - 8%
Ethyl Benzene	100-41-4			0-5%
Acetone	67-64-1			30 - 35%
Dibutyl Phthalate	87-74-2			0-5%
Tertiary Butyl Acetate	540-88-5			49 - 50%

Section 4 - First Aid Measures

Eye Contact:	Immediately flush eyes with excess water for 15 minutes, lifting lower and upper eyelids occasionally.
Skin Contact:	Immediately flush skin with excess water for 15 minutes removing contaminated clothing.
Inhalation:	Remove to fresh air. If not breathing, give artificial respiration.
Ingestion:	Call Poison Control immediately. Aspiration hazard. Rinse mouth with cold water. Give victim 1-2 tbsp of activated charcoal mixed with 8 oz. of water.
Medical Conditions Aggravated by Exposure:	Bronchitis, CNS disorders, allergies, nausea.

Section 5 - Firefighting Measures

Extinguishing Media:	Foam, dry chemical, water fog
Unusual Fire or Explosion Hazards:	Handle as a flammable liquid. Vapors form an explosive mixture in air between the lower and upper explosive limits which can be ignited by many sources such as pilot lights, open flames, electric motors and switches.
Fire Fighting Procedures:	Respiratory equipment should be worn to avoid inhalation of concentrated vapors. Water should not be used except as a fog to keep nearby containers cool.

Section 6 - Accidental Release Measures

Personal Precautions:	Use personal protection recommended in Section 8. Isolate the hazard area and deny entry to unnecessary and unprotected personnel. Remove all ignition sources and ventilate area.
Methods For Clean Up:	Remove all sources of ignition. Allow volatile portion to evaporate completely. Avoid breathing

vapors and remove with inert absorbent.

Methods for Containment: Do not incinerate. Dispose of in accordance with local, state and federal regulations. Do not contaminate lakes, streams or other water supply.

Section 7 - Handling and Storage

General Handling Practices: Reports have associated repeated and prolonged occupational overexposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Avoid spontaneous combustion of contaminated rags or other ignitable material. Keep out of reach of children.

Handling Precautions: Use with adequate ventilation and do not breathe dust or vapor. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly after handling.

Storage Requirements: Do not store near heat, sparks or flame. Store in well ventilated area. Keep closure tight and container upright to prevent leakage. Do not puncture or incinerate. Do not spray near fire or open flames.
