

Safety Data Sheet (SDS)

According to GHS (Global Harmonized System) - Hazcom 2012

Date Printed (YYYY-MM-DD): 2020-04-15

Section 1 - Product and Company Information

Product Name: PlastiFix Powder, Clear

Product Part Number(s): 2533, 2533, 2533-L

Recommended Use: Part of a kit to repair plastics.

COMPANY IDENTIFICATION:

Polyvance
1128 Kirk Rd.
Rainsville, AL 35986

Information email: info@polyvance.com

EMERGENCY TELEPHONE NUMBER:

24 Hour Emergency contact: Chemtrec: 1-800-424-9300
Outside US: 703-527-3887

Customer Information Number: 256-638-4103 (7AM - 4PM (CST) M-F)

Section 2 - Hazards Identification

Appearance: White powder

Odor: Slight

Hazard Statement:

May be harmful if swallowed. Causes skin irritation. Causes eye irritation.

Signal Word: Not Applicable

Signal Word Hazard: Not Applicable

GHS Physical Hazard Pictogram	GHS Health Hazard Pictogram(s)	GHS Environmental Hazard Pictogram
Not Applicable	Not Applicable	Not Applicable

GHS Hazards Statement Codes for This Product

Statement Type	Statement Code	Statement Text
Health	H303	May be harmful if swallowed
Health	H315	Causes skin irritation
Health	H320	Causes eye irritation

Precautionary Statement:

Keep out of reach of children. Avoid breathing dust. Do not get in eyes, on skin, or on clothing. Wear protective gloves when handling powder. Remove contact lenses if present and easy to do. continue rinsing. Store in a dry place. Store in a closed container.

GHS Precautionary Statement Codes for This Product

Statement Type	Statement Code	Statement Text
Prevention	P261	Avoid breathing dust
Response	P338	Remove contact lenses if present and easy to do. continue rinsing

Prevention	P262	Do not get in eyes, on skin, or on clothing
Prevention	P280	Wear protective gloves when handling powder
General	P102	Keep out of reach of children
Storage	P402+404	Store in a dry place. Store in a closed container

Potential Health Effects

Eye Contact:	May be irritated by gross overexposure, no matter how generated. Keep dust out of eyes.
Skin Contact:	May be irritated by gross overexposure, no matter how generated. May cause dryness.
Skin Absorption:	May cause dryness.
Inhalation:	May irritate eyes, skin and respiratory tract.
Ingestion:	OSHA classifies the material as Particulates, not otherwise classified.

Section 3 - Composition / Information on Ingredients

Component	CAS #	ENIECS	REACH Reg. No.	Amount
Particulates not otherwise classified				60-100%
Residual monomers	NA			0.5-5.0%
Benzoyl Peroxide	94-36-0			0.5-1.5%

Section 4 - First Aid Measures

Eye Contact:	Flush with water for 15 minutes, including under eyelids. Get medical help if discomfort persists.
Skin Contact:	Wash with soap and water. Get medical help if discomfort persists.
Inhalation:	Remove to fresh air. Get medical help if discomfort persists.
Ingestion:	Rinse mouth with water. Call doctor if amount was large.

Section 5 - Firefighting Measures

Extinguishing Media:	Water, carbon dioxide, dry chemical.
Unusual Fire or Explosion Hazards:	Polymer dust is combustible. The explosive limits of the polymer particles suspended in air are approximately those of coal dust.
Fire Fighting Procedures:	Avoid extinguishing methods which may generate dust clouds. Water stream can disperse dust into air, producing a fire hazard and possible explosion hazard if exposed to ignition source.

Section 6 - Accidental Release Measures

Methods For Clean Up:	Sweep up to avoid slipping hazard. Keep airborne particulates at a minimum when cleaning up spills.
Methods for Containment:	Dispose in a landfill or incinerate according to Federal, State and Local regulations.

Section 7 - Handling and Storage

General Handling Practices:	Keep out of reach of children.
Handling Precautions:	Use in well ventilated areas. Wear gloves when handling powder.
Storage Requirements:	Store in a cool dry place. Keep container closed to prevent water absorption and contamination. When properly stored, shelf life should be indefinite. Our experience, so far, is that the product is still good for at least 15 years.

Section 8 - Precautions to Control Exposure / Personal Protection

Component	Source	Type	Value	Remarks
Benzoyl Peroxide	OSHA	PEL-TWA	5 mg/m ³	
Benzoyl Peroxide	ACGIH	TLV-TWA	5 mg/m ³	
Particulates not otherwise classified	OSHA	PEL-TWA	15 mg/m ³	
Particulates not otherwise classified	ACGIH	TLV	10 mg/m ³	

Personal Protective Equipment (PPE):

Eye / Face Protection: Safety glasses or chemical splash goggles.

Skin Protection: Impervious nitrile, if hot plastic is handled.

Respiratory Protection: Use type for Particulates not otherwise classified, if needed.

Hygienic Measures: Wash face and hands thoroughly with soap and water after use and before eating, drinking, smoking or applying cosmetics.

Other Protection Measures: Provide eyewash, safety shower and impervious clothing are recommended.

Engineering Controls: Use good, local exhaust at processing equipment, including buffers, sanders, grinders and polishers.

HMIS Personal Protection: B

Section 9 - Physical and Chemical Properties

Appearance: Fine powder. Faint odor in bulk.

Color: White

Odor Threshold: Not determined

pH: Not determined

Melting Point: Not available

Freezing Point: Not available

NA

Boiling Range: Not available

Flash Point: 580F

Evaporation Rate: Not available

Flammability: Not available

Upper Flammability Limit: Not available

Lower Flammability Limit: Not available

Vapor Pressure: Not available

Vapor Density: NA

Specific Gravity: 1.25

Solubility in Water: Insoluble

Partition Coefficient: Not available

Autoignition Temperature: Not available

Decomposition Temperature: Not available

Viscosity: Not available

Section 10 - Stability and Reactivity

Chemical Stability: Stable

Conditions to Avoid: Heating above 464 F (240 C)

Incompatible Materials: Strong oxidizing agents.

Hazardous Decomposition Products: Methacrylate monomer and oxides of carbon when burned.

Hazardous Polymerization: Will not occur

Section 11 - Toxicological Information

Ingestion Toxicity: Not determined

Skin Absorption: Not determined

Inhalation: Not determined

Sensitization: Not determined

Acute Dose: Not determined

Repeated Dose: Not determined

Carcinogenicity: Not determined

Corrosivity: Not determined

Neurological: Not determined

Reproductive: Not determined

Genetic: Not determined

Developmental: Not determined

Eye Irritation: Not determined

Skin Irritation: Not determined

Target Organs: Not determined

Section 12 - Ecological Information

EcoToxicity: Not determined

Persistence/Degradability: Not determined

Bioaccumulation: Not determined

Mobility / Partitioning: Not determined

Other Adverse Effects: Not determined

Section 13 - Disposal Considerations

Disposal Method: Dispose in a landfill or incinerate according to Federal, State and Local regulations.

Container Disposal: Reuse of empty drums or containers is not recommended. Employees should be advised of the potential hazards, due to residual material associated with empty containers. It is our policy to discourage the reuse of empty containers and to dispose of all empty containers properly in accordance with Federal, State and Local regulations.

Section 14 - Transport Information

DOT

Proper Shipping Name: Synthetic Gum Resin Granular, NOIBN

Additional DOT Shipping Information: Not regulated as a hazardous material or dangerous goods for transportation by this agency.

IMDG (Maritime transport)

Additional IMDG Information: Not regulated as a hazardous material or dangerous goods for transportation by this agency.

IATA (Air transport)

Additional IATA Shipping Information: Not regulated as a hazardous material or dangerous goods for transportation by this agency.

Section 15 - Regulatory Information

Superfund Amendments and Reauthorization Act of 1986 (Emergency Planning and Community Right-to-Know Act of 1986)
Sections 311 and 312

Immediate (Acute) Health Hazard: Not available
Delayed (Chronic) Health Hazard: Not available
Fire Hazard: Not available
Reactive Hazard: Not available
Sudden Release of Pressure: Not available

The following lists hazardous components and the regulatory lists for which they are required to be reported.

Component: Benzoyl Peroxide

CAS: 94-36-0

Amount: 0.5-1.5%

Benzoyl Peroxide is listed with Massachusetts Right to Know.

Benzoyl Peroxide is listed with New Jersey Right to Know.

Benzoyl Peroxide is listed with Pennsylvania Right to Know.

is listed with the Occupational Safety and Health Administration (OSHA) as a possible carcinogen.

Component: Particulates not otherwise classified

CAS:

Amount: 60-100%

Component: Residual monomers

CAS: NA

Amount: 0.5-5.0%

HMIS Rating (0 - 4)

HEALTH	1	Health = 1
FIRE	1	Fire = 1
PHYSICAL	1	Physical = 1
PERSONAL PROTECTION	B	Personal Protection = B

NFPA Ratings
