

Safety Data Sheet (SDS)

According to GHS (Global Harmonized System) - Hazcom 2012

Date Printed (YYYY-MM-DD): 2020-04-23

Section 1 - Product and Company Information

Product Name: Polypropylene + GF15 Rod

Product Part Number(s): R18-04-03-BK, R18-XX-YY-ZZ (Where XX is the profile, YY is the package size, and ZZ is the color)

Recommended Use: Use this item with a plastic welder to repair broken polypropylene parts.

COMPANY IDENTIFICATION:

Polyvance
1128 Kirk Rd.
Rainsville, AL 35986

Information email: info@polyvance.com

EMERGENCY TELEPHONE NUMBER:

24 Hour Emergency contact: Chemtrec: 1-800-424-9300
Outside US: 703-527-3887

Customer Information Number: 256-638-4103 (7AM - 4PM (CST) M-F)

Section 2 - Hazards Identification

Appearance: Resinous rod

Odor: None

Hazard Statement:

WARNING! Causes mild skin irritation.

Signal Word: WARNING!

Signal Word Hazard: Not Applicable

GHS Physical Hazard Pictogram	GHS Health Hazard Pictogram(s)	GHS Environmental Hazard Pictogram
Not Applicable	 Irritant	Not Applicable

GHS Hazards Statement Codes for This Product

Statement Type	Statement Code	Statement Text
Health	H316	Causes mild skin irritation

Precautionary Statement:

Avoid breathing fumes when welding..

GHS Precautionary Statement Codes for This Product

Statement Type	Statement Code	Statement Text
Prevention	P261	Avoid breathing fumes when welding.

Potential Health Effects

Eye Contact: The cool solid material is not expected to cause eye irritation. Thermal burns may result from contact with the hot material.

Skin Absorption: If molten material comes in contact with skin, cool under ice water or a running stream of water. Do not attempt to remove the material from the skin. Removal could result in severe tissue damage. Get medical attention.

Inhalation: Prolonged or repeated inhalation of vapors or fumes from the heated material may be irritating to the upper respiratory tract.

Ingestion: N/A

Section 3 - Composition / Information on Ingredients

Component	CAS #	ENIECS	REACH Reg. No.	Amount
Propylene ethylene copolymer	9010-79-1			>85 - 90%
Fiber glass	65977-17-3			10 - 15%

Section 4 - First Aid Measures

Eye Contact: If irritation occurs from vapors emitted while welding, move to a well-ventilated area. If irritation persists, consult a physician.

Skin Contact: Cool skin rapidly with cold water after contact with hot polymer. Wash off with soap and water. Consult a physician.

Inhalation: If irritation occurs from vapors emitted while welding, move to a well-ventilated area. If irritation persists, consult a physician.

Ingestion: Not a likely route of exposure.

Medical Conditions None

Aggravated by Exposure:

Section 5 - Firefighting Measures

Extinguishing Media: Water spray, dry chemical, foam, or carbon dioxide.

Special Protective Equipment: Because fire may produce toxic thermal decomposition products, wear a self-contained breathing apparatus (SCBA) with a full face piece operated in pressure-demand or positive-pressure mode.

Section 6 - Accidental Release Measures

Personal Precautions: As the material is a solid, there are no personal precautions necessary.

Methods For Clean Up: If liquid material is spilled, allow it to cool and solidify. Place material in disposal containers and dispose of in a manner consistent with applicable regulations.

Methods for Containment: Sweep up and place in containers for recovery or disposal.

Section 7 - Handling and Storage

General Handling Practices: Keep out of reach of children. For professional use only. Not intended for sale to the general public.

Handling Precautions: Be aware that glass fibers may protrude from the material and can be irritating.

Storage Requirements: Store in a cool, dry, well-ventilated area.

Section 8 - Precautions to Control Exposure / Personal Protection

Personal Protective Equipment (PPE):

Eye / Face Protection: Goggles or safety glasses.

Skin Protection: Not normally required.

Respiratory Protection: Not normally required. If ventilation cannot be acquired, wear NIOSH approved respirator.

Hygienic Measures: Wash hands before eating, smoking or using the washroom.

Other Protection Measures: None

Engineering Controls: No special ventilation is usually necessary. However, if operating conditions create high airborne concentrations of gasses or fumes, special ventilation may be needed.

HMIS Personal Protection: A

Section 9 - Physical and Chemical Properties

Appearance: Black resinous rods, approximately 1/8 in in diameter.

Odor Threshold: Not determined

pH: Not determined

Melting Point: Not determined

Freezing Point: Not determined

Boiling Point: N/A

Boiling Range: Not determined

Flash Point: Not determined

Evaporation Rate: Not determined

Flammability: Not determined

Upper Flammability Limit: Not determined

Lower Flammability Limit: Not determined

Vapor Pressure: Not determined

Vapor Density: N/A

Specific Gravity: 0.88-0.92

Solubility in Water: Not Soluble

Partition Coefficient: Not determined

Autoignition Temperature: Not determined

Decomposition Temperature: Not determined

Viscosity: Not determined

Section 10 - Stability and Reactivity

Chemical Stability: Stable

Conditions to Avoid: All plastic materials may generate static electricity and should not be used around explosive mixtures.

Incompatible Materials: Avoid contact with strong oxidizing agents.

Hazardous Decomposition Products: Carbon monoxide, carbon dioxide, ketones, acrolein, aldehydes, unidentified organic compounds.

Hazardous Polymerization: Will Not Occur

Section 11 - Toxicological Information

Section 12 - Ecological Information

Section 13 - Disposal Considerations

Disposal Method: Contact local environmental or health authorities for approved disposal if this material. If safe and practicable, reclaim material.

Container Disposal: Disposal must be made according to official regulations.

Section 14 - Transport Information

DOT

Proper Shipping Name: Not Regulated

Additional DOT Shipping Information: Not regulated as hazardous for shipment.

IMDG (Maritime transport)

Additional IMDG Information: Not regulated as hazardous for shipment.

IATA (Air transport)

Additional IATA Shipping Information: Not regulated as hazardous for shipment.

Section 15 - Regulatory Information

Superfund Amendments and Reauthorization Act of 1986 (Emergency Planning and Community Right-to-Know Act of 1986) Sections 311 and 312

Immediate (Acute) Health Hazard: Not available

Delayed (Chronic) Health Hazard: Not available

Fire Hazard: Not available

Reactive Hazard: Not available
Sudden Release of Pressure: Not available

The following lists hazardous components and the regulatory lists for which they are required to be reported.

Component: Fiber glass

CAS: 65977-17-3

Amount: 10 - 15%

Fiber glass is on the California Prop 65 Cancer list.
Fiber glass is listed with Minnesota Right to Know.
Fiber glass is listed with New Jersey Right to Know.
Fiber glass is listed with Rhode Island Right to Know.

Component: Propylene ethylene copolymer

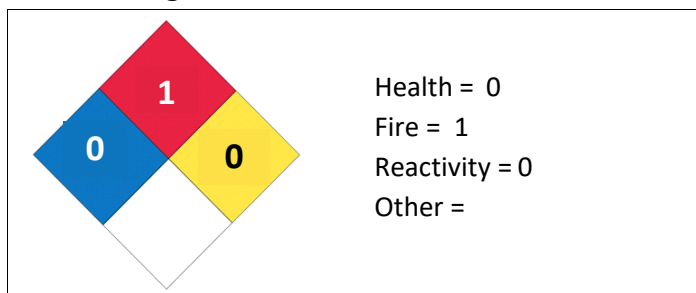

CAS: 9010-79-1

Amount: >85 - 90%

HMIS Rating (0 - 4)

HEALTH	0	Health = 0
FIRE	1	Fire = 1
PHYSICAL	0	Physical = 0
PERSONAL PROTECTION	A	Personal Protection = A

NFPA Ratings
